**This is the time to stand for principle
This is the time to choose our battleground
This is the time to cast away the stones
This is the time to rise above the crowd**

**We have to choose, free men or slaves
There is no middle safety net
You've heard the news, felt the malaise
It's time to act with no regret**

CHORUS

**We were born at this time and place
We have to magnify the scope
My faith is sworn, step up the pace
You talk of hope? You talk of HOPE?!?**

CHORUS

**You've no right to choose the choice for me
Of freedom, life and liberty
Now Robin Hood's not charity
I'll choose my own philanthropy**

CHORUS
